

# Learning System

## Where Information Technology and Instructional Training Meet

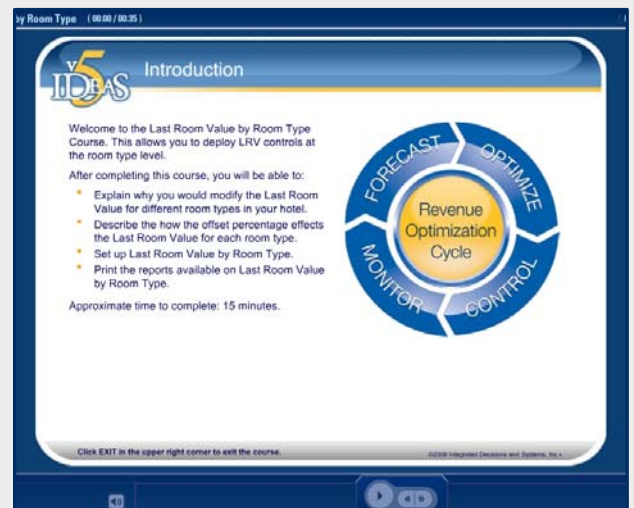

The IDEaS Learning System is a web-based tool that provides IDEaS clients with a convenient, customizable, on-demand e-learning solution for training and support of IDEaS' solutions, upgrades and enhancements. IDEaS Learning System delivers a simple yet powerful framework for training new employees, refreshing the skills of existing team members and tracking progress.

## The IDEaS Learning System features the following functionality:

- **On-Demand Training:** IDEaS Learning System offers 24/7 access regardless of time zones and geographical locations.
- **Self-Paced Training:** IDEaS Learning System allows the ability to develop personal training schedules and learn at your own pace.
- **Career Path:** IDEaS Learning System training offers curriculum that is designed for specific job roles and abilities.
- **Show Me/Let Me Do:** IDEaS Learning System is uniquely designed to allow you to watch an expert demonstrate how to perform your everyday job functions; then allows you to practice without any risk of error to your production environment.

- **Business Model Integration:** IDeaS Learning System can integrate your company’s strategies, policies, procedures information into your companies learning system program.

## IDeaS On-Site Training

For many, personal training is an important part of the learning process. At IDeaS, we recognize that blended learning is needed for success so in addition to our on-demand IDeaS Learning System, IDeaS offers professional on-site training.

IDeaS on-site training provides quality pricing, forecasting and optimization education based on proven best practices, delivered by world-class instructors, and supported by years of experience.

Our on-site training is hosted at your facility, saving you money and time by eliminating travel and hotel expenses of your employees. IDeaS on-site training can be configured to your requirements and we will work with your organization’s environment, needs and schedule.

A typical process and timeline is detailed in the IDeaS On-Site Training datasheet, but can be customized to the requirements and schedule of the client.
